

CLAIMS RIGHT UNDER A LAW PASSED IN 1730 IN ENGLAND

Owner of Starland Theatre Building Had Lessee Arrested Yesterday

IS ALLOWED OUT ON BAIL

A Case of Having the Lease Renewed—Trial in Police Court Tomorrow

As the result of a misunderstanding over a lease, M. Menasse, manager at the Starland moving picture theatre, was yesterday afternoon arrested on information sworn out by Samuel Nankin, owner of the property, on a charge of making forcible entry to the premises. Menasse was liberated under bond of \$500, and will appear before the magistrate tomorrow afternoon. The penalty under the code for this offence is one year's imprisonment.

Starland, Limited, the corporate name of the theatre of which Mr. Menasse is manager, leased the building in which the theatre is located on September 1, 1909, for one year at a rental of \$275 a month. The lease contained a clause providing that Mr. Nankin should grant another lease for a similar term at the same rental at the expiration of the first, providing that Starland observed several conditions, among them being that the upstairs portion of the building should be heated by them.

When Mr. Menasse applied to Mr. Nankin for a renewal of the lease under the terms of the first agreement, the latter refused, claiming that Starland had not carried out the conditions laid down. On the other hand Starland claimed that they were entitled to a renewal lease and refused to give up possession of the property to Mr. Nankin.

On September 3rd Mr. Nankin served Mr. Menasse with a demand for possession, which contained the statement that if the Starland people remained in possession any longer they would be liable for double the rent, under the "Landlords and Tenants" Act, passed in 1730 during the reign of George III. Nankin claims that this law is applicable in Alberta.

Up to yesterday noon Mr. Menasse stood for his rights and refused to turn possession of the building over to Mr. Nankin. Accordingly the latter entered the theatre with a carpenter and proceeded to place up signs to the effect that he had retained ownership and that trespassers would be prosecuted, and also to change the locks on the doors. At that time none of the Starland staff were around.

At about 2:45 Mr. Menasse made an appearance and demanded to know what Mr. Nankin was doing, the latter replying curtly that he had assumed possession. A hot argument followed, during which Mr. Menasse protested against Mr. Nankin's action. Mr. Menasse refused to leave the premises and contended that he was in the right according to the agreement, the result was that the complaint was laid with the police.

The afternoon performance went on as usual, but the harmony was marred by the Menasse arrest. Mr. Menasse, however, was liberated on \$500 shortly afterwards and returned to the theatre to manage the show.

At about six o'clock when the afternoon performance came to a conclusion, Mr. Nankin again ordered Mr. Menasse and his employees to leave the theatre, but they still refused. Mr. Nankin was advised by his counsel, Mr. C. C. McCann, K.C., to withdraw for the time being to await the decision of the magistrate.

Mr. J. T. J. Collison is acting for Mr. Menasse.

DOG STOPS A SERMON

London, Sept. 7.—A sermon at the New Oakes Wesleyan Church was interrupted while the preacher's dog, which had followed him into the pulpit, was removed.

MAY PUT INSPECTORS HERE
Railway Commission to Have Man Here to Inspect Engines?

It is unofficially announced that the railway commission will station a man here to inspect the engines of the line running out of here. This is a direct outcome of the large number of forest fires caused by the railways throughout the West this season. The engines are supposed to be furnished with ashtrays to prevent fires, but unless a constant watch is maintained these are neglected or actually demolished, with results disastrous to the country. The details will probably be arranged by the commission when it sits here on September 10th.

VETERANS ASS'N FOR EDMONTON

Request From Winnipeg For Veterans Here to Form a Branch Company

Mr. W. Rogers, 375 Fourth street, has received a letter from Mr. John Hooper, Winnipeg, secretary and organizer of the Imperial Veterans' Association of Canada, asking him to undertake the formation of a branch of the association in Edmonton. Mr. Rogers is himself a veteran, having served ten years in India.

The purpose of this organization is for the banding together all veterans who have served the flag for the British Empire. The association is patriotic, non-sectarian and national in scope and spirit, while its unprecendented success has been demonstrated. Every man who has served in the army or navy and has a medal, or in lieu thereof has served ten years in regular or permanent service is eligible to join the association without price or fee.

As soon as the local branch enrolls thirty members it will be allotted a company number and will have the right to select its company officers. All veterans residing in Edmonton who are desirous of joining will communicate with Mr. Thomas Furlong, 375 Fourth street.

Col. Edwards of the 101st Fusiliers, has given the idea his strong endorsement and will assist Mr. Rogers in the work of organization.

Organization meetings will be arranged in the near future.

HOBBLE SKIRT CAUSES CONCUSSION OF BRAIN

New York, Sept. 7.—Suffering with an unexplained and dazed condition, a fall while wearing a hobble skirt, Marion Stone, a girl in her teens, is in a critical condition today in the Lincoln Hospital.

Miss Stone, who is a member of a theatrical company, giving performances at the power house people for having while descending a flight of stairs landed from her dressing room in the theatre late last night.

THAT PILE OF COAL ALRIGHT AFTER ALL

Roads Are Impassable to Power House and Much Abused Coal Is Useful

A pile of coal which has been lying beside the power house for some time past, and which has been a subject for caustic comment at several council meetings, has at last served a purpose, notwithstanding the crying demand at the power house people for having allowed it to remain there. When the wet weather started in around exhibition time, and the roads around the power house became impassable, making the drawing of fuel to the plant an impossibility it was decided to utilize the pile of coal lying outside. It was found that only the surface of the pile had been affected by the long exposure, while beneath the coal was found to be in excellent condition.

HAVE YOU A COLD?

"Have you got a cold?"
"What! You haven't? Well, that's strange, for everybody else has."

The prevalent story today, on the street, or inside the office or home is, "Have you a cold?" or "How is your cold today?" If you have a cold, blame it on the weather, and if you haven't you may count yourself one of those strange people who are different from everybody else.

No. There is no epidemic, for the doctor says so. It's simply that heastly, out-of-place indescribable weather, that if it weren't for the eternal optimism of the west, would make any ordinary citizen curse as a satirical way the person who invented "Sunny Alberta." But it will be all over in a few days—perhaps.

I.H.C. A TRUST? SO OFFICIAL SAYS

Special Commissioner Files a Report in United States Supreme Court

MERELY SELLING AGENT

Declares It Is Only a Subsidiary Concern of New Jersey Company

Jefferson City, Mo., Sept. 7.—Special Commissioner Theodore Rice, in his report to the supreme court filed today, declares that the International Harvester Co., of New Jersey, is a trust and a combination formed for and with the effect of destroying competition in the manufacture and sale of harvesting machinery, and finds that prayer for its ousting should be granted.

The International Harvester Co., of America, is declared to be used merely as a selling agent by the New Jersey Company, in evasion of the Missouri laws, which prohibit the licensing of the Jersey concern by reason of its enormous capital of \$5,000,000.

The subsidiary corporations, according to Commissioner Rice, have no capital and have none now. Its existence, as a separate corporate entity is a mere fiction to evade the laws of the states whose policy is not to encourage such vast accumulation of wealth and power in the hands of a few as may injure the many. Commissioner Rice found that the McCormick Harvester Co., Deering Harvester Machine Co., Warder, Bushnell & Co., Plano Manufacturing Co., Osborne and Co., and the Milwaukee Harvesting Machine Co., were in active competition prior to 1902.

In June, 1902, Cyrus H. McCormick sought the aid of Geo. W. Perkins, of J. P. Morgan & Co., of New York in relieving competitive conditions from the manufacturers view point.

2 GIRLS TOURING WORLD ON NERVE

Left Little Oklahoma Town With Only Five Dollars—A "Boosting" Trip

Chicago, Sept. 7.—Ever hear of Tulsa, Okla.?

Cheer up. The few who have, know of it only as an oil producing center. But before many moons the entire world shall know that, besides oil, oil and pretty girls—Tulsa is entitled to more fame.

In short, two of its fairest citizens, with all the savvy and ego of real "boosters," have undertaken the task of spreading wide the charms of Tulsa. The young women, Miss Olive Adair and Miss Orville List, arrived yesterday in Chicago en route to Europe and the far east.

The most remarkable part about the trip of the fair westerners is that they are travelling around the globe on their nerve and their ability to win their way by any form of honest, legitimate endeavor. They left Tulsa with only \$5 between them.

So far, since leaving their native health, they have sold newspapers in the streets of St. Louis, peddled as stores "advertising" billboards for staves and sung at concerts.

They bear letters of recommendation from the mayor of their home town, from the Tulsa Commercial club and from individual business men of that city.

His Opportunity

The Daily Capital just two months ago published a recital of certain events in the life history of Hon. W. H. Cushing, ex-Minister of Public Works. At that time Mr. Cushing was unfortunately out of the country. The Capital was accused of several unpleasant things. But today Mr. Cushing is in Calgary.

This morning the Capital sent Mr. Cushing three copies of the Capital, date June 13, June 20, and July 6. They were sent by registered mail.

The following letter was also sent by registered mail. It speaks for itself:

Sept. 7, 1910

Hon. W. H. Cushing,

313, 4th Ave., West,

Calgary, Alta.

Dear Sir:

We are sending under separate cover

three copies of the Edmonton Daily Capital

containing articles which are, no doubt, of

some interest to you. We have been informed

that you are anxious to make some explanation

touching on the matters contained in

them, and we will be only too delighted to

give you all the space you may desire.

Kindly wire at our expense anything you may

have to say.

Hoping to hear from you very shortly,

we remain,

Yours truly,

THE EDMONTON DAILY CAPITAL

We await an answer.

Why Clarke Didn't Pay Interest on the Bonds

In some cases it takes a long time for the truth to leak out so that the public may learn the real state of affairs, but in the end it generally does so and in this case it is the truth about the paying of interest on the bonds of the Alberta and Great Western Railway.

It appears that there was an offer made to pay the interest and this offer was made by Mr. W. R. Clarke, who said that if the interest on the \$7,400,000 which was being paid by the city banks was turned over to him he would pay the 5 per cent interest on the bonds to Morgans of London.

Mr. Clarke, of course, contending that the interest on the \$7,400,000 from the sale of the bonds belonged to his company. This offer was refused, and the statement decided to pay the interest, which cost it the precise sum of \$55,000; \$185,000 being due to Morgan & Co., the interest for the half year; and \$182,000, the amount that the local banks paid as interest on the \$7,400,000, also for the half year.

DATE FOR BYE-ELECTIONS TO BE ANNOUNCED MONDAY

The dates for the bye-elections in McLeod and Glenview will be announced on Monday next according to a statement made by Premier Sifton this morning to the Capital.

All the members of the cabinet are now in the city with the exception of Hon. Duncan Marshall, who is expected to return to the city on Saturday from the Toronto exhibition. Hon. Arch. McLean arrived in the city last night. Lieutenant Governor Bulyea will also return at the end of the week; he is here at present at Peachland, B.C., his summer home. A cabinet council will be held on Monday morning and the announcement of the dates will follow.

THE HEIGHT OF IMPUDENCE Woman Pawned Shoes in Store From Which She Stole Them

London, Sept. 7.—It was stated at the Wiltshire Police Court yesterday that a woman stole a pair of boots outside a pawnshop, and immediately entered the shop and succeeded in pawnning them.

10,000,000 GALLON TANK

Calcutta, Sept. 7.—An elevated water tank with a capacity of nearly 10,000,000 gallons, is nearing completion at Calcutta.

FUR TRADERS FROM NORTH

Joseph Bowers and Angus Clifford Return From the Far North

TELL OF SAD DROWNING

Fur Catch Has Been Plentiful This Season But Black Fox Scarce

GOLD FIND AT WRIGLEY

Whale Catch Near Herschel Is Poor This Year—Other News Items

Messrs. Joseph Bowers and Angus Clifford, of Hyslop and Nagel are in Edmonton, having just reached here with a consignment of fur from the far north. They report the death by drowning at Willow Lake on the Mackenzie River of Michael Klepstein, who fell from the steamer and was swept under by the scows in tow. The steamer had six of the latter in a string behind connected by gangways. Klepstein slipped in crossing one of these gangways and although every effort was made to save him the speed of the steamer and rush of the current prevented a rescue. Fur has been plentiful during the past season particularly marten, silver fox and musk ox. The latter are usually obtained at Fort Rae, on the north arm of Great Slave Lake, but a large number were taken at Fort Resolution this year. Black fox and lynx are very scarce, the latter because there were no rabbits.

It was the Hyslop and Nagel steamer that took Mr. Oliver from Fort Smith down to Fort Resolution. He would have gone clear through to Peled River with them, but he was afraid their schedule would be too late for him. So he completed the river trip on the boat belonging to the Roman Catholic Mission.

A large number of prospectors are going into the north to Fort McMurray for oil and down to Fort Wrigley and Norman. Gold has been found in the mountains back of Wrigley.

There will be no catch of whales at Herschel Island this year as it is an "off" year, the whales having circled away to the north as is their custom. The Mounted Police patrol is now on their return from Herschel Island and will be in Edmonton in a day or so.

The past winter was very fine without much snow. The spring, however, was very wet and they had almost continuous rain during their trip down the Mackenzie River.

MANIAC PRISONER STABBED SEVERAL

Minneapolis Man Went Crazy While in the Police Cell—Had to Be Shot

Minneapolis, Sept. 7.—Peter Olander, a prisoner in the city jail, instituted a reign of terror here today by stabbing several prisoners confined in the cell with him. A riot call was sounded but the crazy prisoner managed to stab a jailer and two policemen in the struggle for control. It was finally found necessary to shoot Olander twice in the leg and then put maniac manacles on him.

LORD DERRY WON ST. LEGER

Dunster, Eng. Sept. 7.—Lord Derby Swinford at nine to two won the St. Leger stakes, the last of the season's classic races today. J. A. Seaberg, the favorite at 5 to 4, was third. Eight other horses started. Lord Rosebery's Neil Gow was included among the entries, but did not start.

1,505 TONS OF MEAT CONDAMNED

London, Sept. 7.—Out of 120,000 tons of meat and other supplies sent to the London Central Markets during the last year, 1,505 tons were rejected as unfit for human food. Of 28,875 tons of fish sent to Billingsgate, 945 tons were seized.

DECISION WAS A COMPROMISE

Hague Tribunal Handed Down Decision in Newfoundland Fisheries Dispute Today

AND NEITHER SIDE WINS

Great Britain Awarded Two Main Points and U. S. Five Minor Ones

MUST OBEY LOCAL LAW

United States Fishers Bound by British Laws When in British Waters

IN FAVOR OF BRITAIN

American fishermen are bound to obey Newfoundland and Canadian laws relating to fishing. The "Three Mile Limit" follows the general line of the coast—not the windings and bays. American vessels are subject to Newfoundland local regulations with regard to papers and search for contraband.

IN FAVOR OF AMERICA

Americans are entitled to take fish from Newfoundland waters. Great Britain's American ships need not consist solely of inhabitants of the States. Questions of customs, duties and toll.

The Hague, Sept. 7.—The decision of the Arbitration Tribunal in the Newfoundland Fisheries Case was given out today. It is in the nature of a compromise; Great Britain winning three of the points submitted to the court and the United States winning the remaining four there being seven questions before the court.

The hearing of the case was completed on August 16th a small library of data and briefs being filed by each side for the guidance of the judges and speeches of a prodigious length sometimes lasting for 12 or 14 days being made by the counsel on both sides. The counsel in the case were: Sir Robert Finlay, Sir Wm. Robson, premier of the English bar; Haman Greenwood for Canada and Elihu Root.

The first point which was won by Britain decided that American fishermen are bound to obey the Newfoundland and Canadian laws relative to fishing. The Americans claimed that the right to fish in Newfoundland waters is common for Canadians and Americans also the prohibition against Sunday fishing was one of the laws that they did not agree with and did not feel inclined to keep.

A point in this connection won by Great Britain, is the decision that American vessels in Newfoundland waters are subject to local regulations. They will not be privileged to withhold their papers from court officials and prevent search for contraband.

But one point even more technical was that which decided the three-mile limit. America insisted that the public circuit followed the windings along the coast and that only within this limit was Britain to exercise her rights. England contended that a bay was just a term for a body of water between two jutting headlands and bounded by an imaginary line from

(Continued from Page Five.)

LITTLE PESTS !! DROVE HIM OUT

Toronto Man Sued Owner of Office Because Fleas Came There

Toronto, Sept. 7.—Claiming that he was dispossessed of his office by the entrance of innumerable fleas carried through a hole in the floor by cats belonging to the owners of the building, Mr. Albert Chamberlain, president of the British Veterinary League, of this city, sued the Dover Court Land Building and Saving Society for \$60 damages in the division court here.

EDMONTON RUGBY TEAM HELD ANNUAL MEETING

Large and Enthusiastic Turn-out of Players Which Foretells Gridiron Triumphs

The annual meeting of the Edmonton Rugby Club was held last evening in the Hotel Cecil, when over 35 stalwarts turned out to discuss prospects for 1910.

C. H. Belanger occupied the chair, and D. L. Robinson, secretary-treasurer, read his report, which showed that the team ended last season with a slight deficit. Though Calgary Tigers won the Belanger Cup, from the interest and enthusiasm manifested last evening, the trophy should spend tonight in its original abiding place, Edmonton.

The question of a city league was brought up, and it seemed to be the consensus of opinion, that while the club should place its regular team in the field against Calgary, matches should be arranged with the local Y.M.C.A. and Strathcona. Then the players, showing the most ability in the preliminary contests, could be taken about two weeks before the first game and worked into the fourteen to represent the Blue and White.

A letter was received from A. Proctor, secretary of the Manitoba Rugby Football Union asking for home and home games with the Eskimos. The secretary was instructed to write Mr. Proctor stating that if Edmonton were the Belanger Cup, it would be played to consider fixtures with Winnipeg. Calgary will also be got into touch with immediately, regarding the dates for the cup games, and a decided effort will be made to bring the Calgary Y.M.C.A. or Tigers here for a game, within a few weeks' time. One real game is worth many weeks' practice and the officers are making determined efforts to have at least one game per week.

The Eastern custom of a selection committee will be introduced, in order that no player trying for the team will have any say in his choice. Five well known ex-players were chosen to do the selecting and every candidate may feel assured of a good try-out.

Diamond Park will again be used for practice and games and Manager Benjamin has called the initial practice for this afternoon at 5 o'clock.

BATTING AVERAGES OF TWO GREAT TEAMS

Students of baseball who live in other cities but who are interested in the game, are inclined to concede the pennant in the National to the Cubs. The Athletics have the pennant practically clinched in the American. So if neither team gets in a railroad wreck and the door is not upset by other things, the Athletics and Murphy's "spuds" will meet in the world's series. American league adherents believe that Athletics have the greatest pitching staff in the world. Others believe that no pitchers in the country have anything on Brown, Neuharth, Overall, Cole, McIntyre and Fleister. But batting will enter into the contest. Here is a list of the batting averages of the players on both teams. It is good "stuff" to dream over.

THE HUSKIES HAD FIELD DAY

Chan's Semi-pros Defeated the Regulars—Clynes Threw Ball 126 Yards

The Calgary baseball club, near-champions of the Western Canada League, had a field day last Saturday, the special feature being a baseball game between the regulars and the semi-pros, the latter winning by 8 to 4.

The Regulars were: Carney, first; Smith, second; Paddock, third; Smith, short; Kellackey, right; P. Flanagan, left; Geehan, catcher; Munn, pitcher, and Stanley, catcher. Semi-pros—Clynes, first; Sedenbecker, second; Chandler, short; Dretchko, third; Stokes, right; P. Flanagan, catcher; Turner, left; Standridge, pitcher, and Duggan, catcher. The results of the sports are as follows:

Accurate throwing—1, Geehan, 2, Kellackey, 3, Pat Flanagan. Sack race—1, Duggan; 2, Smith; 3, Jim Flanagan. 100 yards dash—1, Smith; 2, Paddock; 3, c. Sedenbecker. Time—1:24. Long distance throwing—1, Clynes; 2, Pat Flanagan; 3, Turner. Distance—126 yards.

Fungo hitting—1, Carney; 2, Paddock; 3, Smith. Base running—1, Paddock; 2, Smith; 3, Jim Flanagan; 4, Dretchko. Time—1:54.

Vote contest, most popular player on team—Peter Standridge.

Three-legged race—1, Manning and Standridge; 2, Duggan and J. Flanagan.

In the evening the team disbanded. All except Kellackey, Standridge, Manning and Duggan, who have secured positions in Calgary, leaving for their homes. Manager and Mrs. Carney, Matt Stanley, and Babe Clynes went to Estate. Chuck Conroy left for Boston, Eddie Geehan for Tacoma, and Dell Paddock for Vancouver.

Wally Smith left on Monday for Vancouver where he will play with Bob Brown's team for the remainder of the Northwestern season.

SOME BASE BALL CALGARY TEAM SUPERSTITIONS LOOKS GOOD

New Ball Parks Are Good Luck. Shibe Park and Forbes Field Are Examples

Philadelphia, Sept. 7.—Shibe park will not be a very old plant before it is likely to become the seat of war of a world's championship series. From present indications it seems pretty certain that the Athletics will win, and when a world's series is played this fall some of the games may take place there.

There must be some significance in the omen that the team which has the newest park will get the pennant. Last season Barney Dreyfus had a brand new park, and in its first year of use the premier series was played in it. There is only one park in the American league newer than Shibe park, but as Coniskey's amphitheatre was only opened recently it is not within reason that the White Sox should have the series this year.

Maybe if Frank Farrell has his New York park ready for the opening at the beginning of next season his team may turn the winning tide in his favor. Nothing short of a miracle would stop the Athletics. A team having over one hundred points lead in a pennant race in September is very likely to finish on top in the season. Of course, there is a possibility that some other team may nose the Athletics out, but if such results, the Philadelphia team will have to play very badly indeed.

A LARGE UNDERTAKING
Messrs. Livingstone and Wilburn of Cincinnati, both wealthy baseball fans, are planning the most expensive tour in the history of baseball. At the cost of \$100,000, they have signed up for 12 games, the following teams:

American League—Bresnahan, Kling and Gibson, catchers; Matthews, Brown, Overall and Rucker, pitchers; Konechly, first base; Evers, second base; Wagner, shortstop; Devlin, third base; Magee, left field; Leach, center field; Mitchell, right field; Hoffman and Bescher, utility men; John McGraw, manager.
American League—Carrigan, Stange, an dStreet, catchers; Johnson, Bender, Walsh and Mullin, pitchers; Chase, first base; Lajane, second base; Bush, shortstop, Lord, third base; Milan, left field; Speaker, center field, Cobb, right field; Collins and Crawford, utility men; Jennings, manager.
Frank Bapcort of the Reds will look after the financial end of the tour and Bill Evans and Bob Emslie will do the umpiring.
Immediately upon the completion of the World's series, the tour will start out, making the jumps in a private train. Only the largest cities in the States will be visited, and the promoters stand a good chance of coming out even in their large undertaking.

CLARKE LEAVES PITTSBURG TEAM

Manager of Pittsburgh Team Was Hissed by Fans of His Own Town

Pittsburg, Pa., Sept. 7.—The retirement of Manager Frank Clarke from the Pittsburgh baseball team for the remainder of the season and probably for all time, is generally considered today as the final proof that the team is hopelessly "out of the running" for the 1910 championship.

The abuse of Clarke by the Pittsburgh fans in the second game of Monday's double-header with New York, which resulted in the manager's withdrawal from the line-up in favor of Campbell, is keenly regretted by the better element of the baseball patrons, and it is probable the latter will try to offset the effects of this by a testimonial to Clark in appreciation of his long and brilliant services in this city.

Clarke is badly upset by the action of the fans, who hissed him when he came to bat in the second game of Monday, and called for the substitution of another batter. Only a year ago he won the world's championship for Pittsburg and was acclaimed a hero.

"It's too bad," remarked Manager McGraw of the Giants today, "but such are the fortunes of the game."

Never, never, in my connection with baseball, extending over a period of twenty-one years, did anything ever transpire to hurt me so much as did the demonstration against Fred Clarke in the second game of yesterday's double-header. How the people of Pittsburg, for years renowned as good, game baseball fans, would hiss and jeer at the man who brought the city of smoke its first pennant and first championship is beyond my comprehension. Understand me, I am not offering this in defence of the management of the Pittsburg club. This attack was directed against Fred Clarke personally, and I am simply taking occasion to say a timely tribute to a man who has ever been a credit to the national game."

The Calgary Caledonians earned the right to enter the final round of the Bennett Shield competition yesterday afternoon when they defeated Red Deer by four goals to all at Red Deer. The game was a good one, and the best seen in Red Deer for a long while. The Caledonians showed their superiority in the finer points of the game. Their team work and combination was far ahead of the Red Deer team.

The score at half time was 2 to 0 in favor of the Caledonians. Williams scored the first and Thompson the second. Two more were added in the second half through McKenny and T. Williams. For the Caledonians: Thompson, Strang, Veitch, Deacon and W. Strang played good games.

A BASEBALL QUARTETTE

The American national game has given up many of its stars, such as Mike Donlin, Joe Fisher, etc., to the stage, and the latest acquisition will be a quartette. It will be composed of three members of the Chicago Cubs and Sox: White, lead, Artie Hoffman, (uncor, Sheekard, boritone, and Adlie Jones of Cleveland, bass. The quartette will use, among other things, Doc White's latest song hit, "Little Puff of Smoke, Good Night." They have already been billed for a long trip over the Morris Vaudeville circuit.

DECOTEAU LEAVES SOON
Alta, Decatur of the Irish Canadian A.C. who will represent Alberta at the Dominion championship meet leaves on Sunday for the East. He will train in Toronto until just before the Montreal meet, making special preparation for the mile and half mile events. Jack Tait, the mile champion, has retired from the track, so Decoteau should win easily.

Wally Smith, the third baseman of the Calgary team, has been drafted by the New York Nationals.

JACK BRENNAN FOR TORONTO

Eskimos Third Baseman Will Get Try Out With the Kelleyites

Edmonton fans will be pleased to learn that Johnny Brennan, star third sacker of the Eskimos is to get a chance in faster company. Brennan could have joined the Seattle team a week ago, but finishing a season with Dugdale did not appeal very much to John so he wired the coast club that he would not report until the spring. The last issues of the Toronto News to hand, explains the case. In the course of an article on the Toronto baseball club, the News says: "Brennan, the local boy with Edmonton in the Northwestern League, has been recommended to Manager Kelley for trial. He is a third baseman, and has been going great guns this season."

Brennan, who is really a second baseman, should make good with Toronto, which is a class A team. No wonder Jack passed up Dugdale's offer. Brennan informed the Capital, before leaving Calgary, that he expected to join the Kelleyites before the present Eastern League season is over.

CAPITAL CURLING CLUB

The annual meeting of the Capital City Curling Club will be held in the board of trade rooms this evening at eight o'clock. All members and prospective members are cordially invited to attend.

NATIONALS HAVE A GOOD CHANCE TO LIFT MINTO CUP

Flying Frenchmen Have the Speed and Crafty Newswy Lalonde to Direct Them

By Charles L. Querrie.

The lacrosse season of 1910 is nearly over, and the Nationals of Montreal will be returned champions for the first time in many years, and at the present writing do not look as if they will lose more than two games. Lacrosse fans all over the country are at present figuring out the chances of the great French team against the mighty New-Westminster team at the coast.

During the past five years all the teams in the N. L. U. have made many changes, and all have tried to get the one element into the game which would better their chances against New Westminster. Speed—and lots of it—is the only chance a team has at the coast, and if the Nationals go out this fall their chances are very bright, on account of their tremendous speed in the field.

The Nationals were beaten on the island by the Tecumstahs because McKeown, Rowntree, and Lons simply played them at their own game, and outfooted them in the field. Westminster can be beaten, but to beat them a team must outrun them in the field.

Several years ago Dr. Irvine of the Montreal Lacrosse Club, Harry McLaughlin of the Shamrock Lacrosse Club, A. G. Pittaway of the Ottawa Lacrosse Club, and Joe Lally of Cornwall picked what they then considered the best team in the N. L. U. for a Montreal paper. The team was as follows:

Goal—W. Hamley, Toronto.
Point—D. Cameron, Cornwall.
Cover point—H. Ralph, Cairns.
First defence—J. Kanavagh, Sham rocks.
Second defence—R. Finlayson, Shamrocks.

Third defence—L. Lambie, Toronto.
Centre—J. Currie, Shamrocks.
Third home—H. Westwick, Capitals.
Second home—C. Querie, Toronto.
First home—H. Hoolin, Shamrocks.
Outside home—J. McKeown, Shamrocks.

Inside home—P. Brennan, Shamrocks.
Today there are only three playing the game, R. Finlayson, D. Cameron, and Querrie, all the others having retired. You would find many followers of the game who would assert that Westminster can be beaten if they could develop a team like that in the N. L. Union. Still, this team did not possess the one element that would make a successful showing against the coast champions.

They were a good team, and every man on that home was a pastmaster in all the tricks of the game, but they were not very great on the speed, and without a barrel of speed the Westminster team will never be beaten at the coast.

The Style of the Champions

The Tecumstahs last year in playing at the coast made a good showing, and would have won had they possessed the speed in the field that the coast champions had. New Westminster's style of game is entirely different to what some teams in the East use. It resembles more than any other style of play that used by the Toronto Lacrosse Club last fall, when their quick run and a shot at the goal after a couple of home players had handled the ball was the admiration of local lacrosse fans.

Westminster, by developing and using their speed merchants, administered the only defeat so far to the flying Frenchmen.

Toronto last fall looked like the best team in the N. L. U. because they had the "speed boys" in the field.

The Making of Champions
So in sizing the lacrosse situation up it is speed in the field, coupled with an average amount of brains, that is making lacrosse champions today, and the Nationals with their speedy field should give Westminster a great battle for the Minto Cup honors.

To make the battle between the Nationals and Westminster a fair test, the Frenchmen should go this fall and play for the cup, when their team is in good form.

CAIRNS WON POOL MATCH

At the Palm Cigar Store last evening over 150 gathered to watch the matched game of continuous pool, between Charles Cairns and Slim Olsen. Cairns at all times showed himself the better player and won out by 20 to 72. Capt. Kidd acted as referee. Cairns is open to meet all comers.

THE UNIVERSITY OF ALBERTA

Courses offered in
Arts—Leading to B.A. and B.Sc. Degree.

Applied Science—Leading to B.Sc. Degree.

Matriculation Examinations—Begin Wednesday, September 31st.

Registration and Lectures—Wednesday, September 28th.

Applications for September Matriculation Examination should be made before September 24th, and for full particulars, and full information apply to the REGISTRAR, *Edmonton, Alta.*

WEDNESDAY, SEPT. 7, 1910.

WE ARE ANXIOUS TO HEAR

There were a number of comments two or three months ago when THE DAILY CAPITAL published certain matters relative to a certain ex-Minister of Public Works. Several hard names were applied to the DAILY CAPITAL, such as not fighting fair, and hitting a man behind his back, and so on, and so on.

It might be pointed out that it was not a matter of fight, but a plain statement of certain circumstances. When the DAILY CAPITAL secured the information, it gave it to the public to whom it rightfully belonged. A public man, especially a minister of one of the public departments, belongs to the public, and any and all of his doings in connection with his office be long to the public also.

But now we are glad to know that the ex-Minister is back in the province. He will be able to explain, all that the public is so interested in. And the columns of the DAILY CAPITAL will always be open to anything from friend or enemy.

THE NEXT PARLIAMENT

Taking as a basis an estimate of the population of Canada made by the census bureau, the London Advertiser says that the next redistribution will work out as follows:

Quebec (fixed)	65
Ontario	82
Maritime Province	32
Manitoba	15
Saskatchewan	12
Alberta	10
British Columbia	10

Total

This would mean an increase of 13 for the Western Provinces, a loss of 4 for Ontario, and a loss of 4 for the Maritime Provinces. And although census estimates are usually a trifle rosy, still this one hardly overestimates the case. There is no doubt but that the day of the West is just dawning. When the next Dominion House meets the West will be such a strong factor that it cannot be disregarded.

IT'S BOUND TO COME

This passing touch of semi-winter weather reminds us that the real winter will soon be upon us. And of course that means municipal elections once more.

Already three-quarters of the municipal year is passed, and as we look back over it, it has been a year of several big events and changes municipally. Just at present all the municipal utilities are showing good progress, and the report for the financial year ought to indicate a material advance in nearly every department.

But it will not be long now before the municipal pot will begin to boil again. Already we have heard several suggestions as to possible candidates. Several new faces will be seen in the field, as well as several old and familiar ones. And one thing is making itself more and more evident as each day passes. And that is that one of the planks upon which several candidates will place their trust will be an advanced and progressive policy of municipal ownership. At the present time the city is only in the more purely "public service" utilities. There is, however, a rather strong current of opinion beginning to make itself felt, tending to extending of the municipal ownership idea. Some of the fields into which it will be advocated, the city as a corporation should enter, will be terminal freight handling, some aspects of insurance and the purchasing and controlling of lands within the city's limits.

Upon the latter point there will no doubt be many discussions and arguments will be added pro and con. But the municipal ownership and control of land has now passed the experimental stage. It has been tried and tested and proven very effective and profitable in many European cities. And the movement is spreading. If it does not become a live issue in Edmonton this year, or next year,

it will before very long. For it is a matter not only of profit, but of dollars and cents to a city, but also of health and happiness to a city's population, and the hand of progress will not be stayed very long in this city of ours where the rights of the municipality at large and the individual citizen in particular are so closely blended and so jealously protected.

What Others Say

THE OPTIMIST'S VIEW

(From the Calgary Optimist)
Speaking of Mr. Cushing, now that he is back and has had time to look over his past and present, would it be unseemly for him to explain? It is said that he will appear in the house at its next assembling and present his resignation and explanation, if any is possible. But we don't want that. We want representation in the next House. There may be big interests there for promotion. Calgary may be asking for a university, for guarantee of power bonds, for this and for that. We want representation there, and just because we really never had it at Mr. Cushing's hands, is no excuse for his depriving us of it by withdrawing his resignation till after an election is possible. Now is the day for the ex-minister to redeem himself by quitting, and the day for him to save himself. Apt as not unless he decides to resign and give Calgary a chance for representation, he will be asked to explain other matters, manner and more contemptible than receiving money from favored interests and not even contributing to the campaign fund, as well as outside of the realm of rackets and wrongs, his record as a business minister will be given to the country. That prospect ought to make his nights horrible. Calgary is quick to forgive, and if the resignation is not held up till too late for Calgary to secure representation, there is no doubt but the incident of Mr. Cushing's public career will be closed.

But Calgary does want representation, Mr. Cushing. Goodness knows it is coming to us. If you are going to quit, and no sane man can see wisdom in any other course, quit now and let Calgary hold a bye-election. If you want to explain to the House there is no doubt but the House will extend to you that privilege even though you approach it as a private citizen. Calgary wants representation, Mr. Cushing. Certainly you wouldn't have the unmitigated nerve to appear in the capacity of its representative. Then resign, and let Calgary send you back with Riley if it is that Riley resigned because he didn't approve of the program. You should resign because you have been accused! You should, Sir, out of respect for the institution of honest government, submit your case to the electors. It is an insult to representative government for you to stay on, Sir, in silence. Charges of wrong have been made and insinuated. Who are you that you may ignore them? For the sake of your country and your church you should resign them if you can. If you cannot, you should resign, since Calgary wants representation you should resign at once.

KEEP YOUR EYE ON THE BEAVER

(From the Toronto Star Weekly)

The inhabitants of a northerly country like Canada are expected to develop a certain amount of thrift, which we do not look for in a race living nearer the equator. Where fruit grows on trees and drops into hammocks by the force of gravity, there will be people who will doze in hammocks and sleepily watch their food ripen overhead.

In a country where there is a long and cold winter, and where even the chipmunks have to hoard up nuts in holes in the ground or perish, people learn the value of thrift. They have to store up food against the time of famine. They must run their boats while navigation is open. They must cut wheat in August to eat bread in March. With the very climate teaching and enforcing thrift, making life conditional on the practice of it, there rises up a sensible and industrious race.

A man does not require to reach the winter of life to learn the folly of improvidence, for each year in its course epitomizes the whole story and warns him by means of biting blasts that unless fuel is stored up there will be no fire in the cook stove. We are to be in course of time, in Canada, as our characteristics develop, an industrious and practical people. We are compelled to sow and reap and hurry our grain to the sea or miss the market altogether. We have heat to endure at one season, and cold at another, and ours is a country that does not pamper her sons. From infancy they have to do chores for their keep. And it is the making of them.

BOARD OF TRADE MEETING

At the regular meeting of the Board of Trade held yesterday at noon, the minimum weight of carloads caused some warm discussion. The railway commission has decided to raise the minimum twenty-five per cent. and the wholesale section of the board had expressed their unqualified approval in a resolution passed and forwarded to the commission, as it effectively prevents manufacturers shipping directly to the consumers. Mr. Clarke and Mr. Miller strongly opposed such action on the part of the wholesalers, but when put to the ballot it was supported by an overwhelming majority.

In regard to commercial telegraph rates the question which is coming up before the railway Commission at Winnipeg, the commission stated that they were only dealing with rates affecting Winnipeg and rates affecting Edmonton would have to be laid before them in the regular way.

A letter from Superintendent Price, of the C. P. R., in regard to the question of passenger traffic at Strathcona threw the blame largely on the transfer companies, who did not get the baggage at the depot early enough to leave the departure of trains.

A letter from Vancouver states that annual convention of the Canadian Edmonton's co-operation in bringing the licenses of companies before the Manufacturers' Association. Other matters involving the structure of an engine at the Albert and establishing telephone communication with Entwhistle were brought up, but nothing definite was forthcoming about them.

The Day in Strathcona

Council Meeting

Mayor Duggan being away on a trip to Spokane, Ald. Bush occupied the chair at the Strathcona council meeting last night. Very little business other than routine work was done, the meeting adjourning at 9:30 to resolve itself into a committee of the whole to consider tenders for the purchase of 1000 debentures amounting to \$100,000. The companies tendering for these bonds were Wood, Gundy & Company, of Toronto; Amelius Jarvis & Co., of Toronto; the Imperial Bank of Canada and the Dominion Securities Co.

Fire Chief Smeed, in answer to an inquiry made at a previous meeting of the council as to why the bell on the fire hall tower was not being rung according to the resolution passed by the council, said that the ringing of the bell caused such vibration to the fire hall tower that he considered it to be unsafe. He further added that the bell had some defective bearings which were now being repaired. Ald. Calder suggested the advisability of putting some props around the tower for the time being.

The city solicitor reported with regard to the spur for the E. Y. & P. tracks to the lumber yards of W. H. Clark & Company, stating that it would be necessary to have the permission of the railway commission. The city is not now opposed to its construction according to the permission given three years ago. The report was adopted.

Various financial firms communicated with the council with regard to the sale of the debentures, while the Commercial and Financial Chronicle wrote requesting particulars of the sale.

The Brent Noxon Co., of Toronto, wrote suggesting that the sale of the bonds at 4 1/2 per cent. was a serious mistake, which might result in the city being compelled to sell them as low a figure as 50.

The Brent Noxon Co. explained that on account of this they would not tender for the bonds. H. H. Crawford called the attention of the council to the condition of the side walk outside his auction rooms. During the wet weather the sidewalk, in its present condition threatened the foundation of his building. The matter was referred to the committee of Public Works.

S. Swartz again claimed damages to bedding while taking care of a man at the expense of the city. The matter had apparently been settled before and will now be again taken up by the finance committee.

A petition for water and sewer extensions was signed by J. E. Richards, T. P. Malone, J. W. Birnie Brown and others. It was referred to the water and sewer committee.

He Saw How It Fell.

An Irishman who was visiting America for the first time was lost in admiration of the Niagara falls when a friend accosted him:

"Well, Pat, and what do you think of this? Isn't it a grand sight? There's nothing in the old country to come up to it. See how it falls?" "Faith, I see how it falls," said Pat; "but, shure, there's nothin' to hinder it!"

Potato Like a Duck.

A curious exhibit was on show recently at the Government Tourist Bureau, Sydney, which took the form of a large sweet potato which was fashioned exactly like a Muscovy duck. So near to the natural size and appearance of the bird is this potato that, seen at a little distance, it could easily be mistaken for a live Muscovy.

A Paying Investment.

Picking to pieces a pair of corsets which had worn for over a twelve-month, a London woman was surprised to find ten sovereigns, wrapped in tissue paper, neatly stitched up in them. She is said to have given two weeks for the corsets at a sale.

For Them

It is a recognised and undisputed fact that the young people about to be married are looking for some gift from you. They are on the threshold of their lives and one little act of remembrance will go far to cheer them along and make you a life-long memory in their lives. Now, can you forego them this

pleasure when wedding presents of excellent quality can be obtained for such a small remuneration? Remember that you were young once and experienced the same joys they are now amidst. Just look at those suggestions below and **DON'T FORGET THEM.**

HIGHEST STANDING

**ANOTHER SWEEPING VICTORY FOR THE BELL IN
BOTH SASKATCHEWAN AND ALBERTA**

Calgary, Alta., Aug. 10th, 1910.

The Masters Piano Co., Edmonton, Alta.

Gentlemen,—

Please quote me your lowest cash price on two New Art Bell Pianos suitable for the Empire and Edmonton Opera House in your city.

I am putting in Bell Pianos exclusively in all my theatres at Saskatoon, Regina, Lethbridge and Calgary and prefer them to any other make, as I have carefully investigated all the others and find the Bell wears better, requires less attention and pleases a greater number of musicians than any other piano built in Canada.

Trusting that we will be able to make satisfactory arrangements and awaiting your reply, I remain,

Yours very respectfully,

W. B. SHERMAN, Manager.

As a result of Mr. Sherman's enquiry, we sold a fine concert size Bell Piano for the new Lyceum Theatre, formerly the Edmonton Opera House, and in a short time we will place a similar style in the Empire.

The Masters Piano Co., 423-425 Jasper Ave., West

Home of the New Art Bell, the Piano with the Sweet Tone

FIND YOUR BUYER

He Reads the Ads.

Sell that property for its real value by finding the buyer who *needs* it. The man who buys always for speculation thinks always of taking advantage of your anxiety to sell—but the man who *needs your property* will pay a fair price and *be glad to do so*. He's to be found. He reads ads. He misses some of them, too. But—he reads again the next day, and the next. He will find *your ad. if it is "there" when he looks for it.*

WHO LOST THE BABY; WHERE IS HE NOW?

Berlin, Sept. 7.—A curious case of a lost baby is at present exercising the Bavarian, Austrian and Hungarian police. Two years ago a man appeared at a Munich police station with a baby boy, who he said had been left in his charge by a woman who had not returned to reclaim the child.

The man then disappeared, leaving a false name and address. It was afterwards discovered that he was a Hungarian and the father of the child. Negotiations were then opened with Hungary with a view to the baby's expulsion as an "undesirable alien." The offer of a wealthy Munich manufacturer to adopt the child, though strongly supported by the Hungarian police officials, was sternly rejected. The negotiations occupied two years. Then the child's expulsion was at length determined upon, and the infant was sent to the frontier.

An Austrian gendarme then conveyed the urchin to Hungary. There, however, a Hungarian policeman mysteriously lost him, and the police of all three countries are now occupied in searching for the deported infant.

"B.-P."

Lieut.-Gen. Sir Baden-Powell, K.C.B., the hero of the siege of Mafeking, the "Boy Scout" originator, has come and gone, and what remains of his visit? Whatever opinions may be entertained regarding this vast movement, one thing is certain, that the time, the necessity, and the man had simultaneously arrived for founding this remarkable organization, and the world is consequently accepting the results with acclamation. As in the case of "General" Booth, of Finsbury, of Wilberforce, and many others, when the time was ripe, the man was always forthcoming. The full effect of the movement in the English-speaking nations in the future it is impossible to predict, but, although the military idea is professedly eliminated, it may fairly be surmised that had this system of youth discipline and development been thoroughly established in France prior to 1890, the map of Europe might possibly now be somewhat different than found in our Atlases.

One of the most encouraging elements in connection with this organization is the enthusiastic manner in which it has been received by the boys themselves. It strongly appeals to every noble sentiment in a boy's nature, and, however, dormant, such feeling may be in certain classes of your youth, the ambition engendered by the scout movement seems to sink into the boys' souls and vivify their enthusiasm as nothing else can. Thus, the "Boy Problem" has happily solved itself.

But although a vexed social difficulty is in a fair way of being permanently disposed of, there remains much yet to be accomplished. For if the boy problem was difficult of solution, the girl problem is even more perplexing. Now, is there any less necessity for some such a movement in connection with our girls than there is with regard to the boys? We are firmly convinced that in the present day—even in Canada—there is greater need for some national impetus which will enlist the enthusiasm of our girls in a universal upward direction, than there ever was in respect to the boys. We do not for one moment mean to imply that girls are naturally worse than boys, far from it, experience proves beyond a doubt that the contrary is the case. But what we do say is, that this splendid movement amongst boys will so raise their standard physically, intellectually, morally, and socially, that the faults and foibles, the pride and extravagances, the inane vanities of our girl population, as at present so much in vogue, will in time if maintained, be indefinitely emphasized in the eyes of the youth of the opposite sex.

To exemplify our contention we make the following appeal; let any typical girl of say fifteen years who has fully imbibed the modern ideas of her fashionable, up-to-date elders—ideas of the so-called "rights of women," independence, of control, of round freedom, extravagance, selfishness, pride of life, gambling mania, and an intense love of idleness and irresponsible frivolity—let such an one, we say, carefully peruse the rigid rules of the boy scout programme, and then ask herself this honest question: "Do I deserve to become the life companion of one of these noble young fellows?" The girl of the period, if she were honest with herself, could find but one possible answer: "No!" We are not blind to the fact, nay, we fully expect that our remarks in this connection will evoke a certain amount of ridicule in some quarters, but we ask to be permitted to say that we do not allow this fact to deter us from stating what we honestly believe to be a salutary truth.

There will have to be initiated, then,

some organization which may have for its ultimate object a result analogous to that which is sought to be attained by the B.-P. movement now in active progress. How it is to be done, or by whom it is to be accomplished, it is not for us here to declare. One thing, however, is obvious! It will have to be initiated by a woman. Where, then, can we find her?

New, in looking around for such a woman one or two things must be kept in mind. Neither "General" Booth nor Baden-Powell attained to their present eminence by birth, or wealth, or social influence. Lord Roberts, like Lord Strathmore, was risen to his proud position by sheer ability and hard work, and the woman to lead such a movement as is indicated above must undoubtedly possess some of the characteristics of her, for instance, whose recent death caused a pang of regret to wring the hearts of millions—we mean of course, Florence Nightingale. It is to some such woman, and there are but very few of them, that we must look to initiate and establish a "scout" movement amongst the girls of the empire. We are not ignorant of the attempts that have been made, but somehow they lack that time and enthusiasm for which the scout movement is so conspicuous. There are, it is true, princesses, duchesses and countesses galore, but it is questionable if the woman we want is to be found amongst these. Elizabeth Fry was no duchess, and Florence Nightingale was no high born dame of ancient lineage and inherited wealth; Joan of Arc, too, "the Matchless Maid," was but a plain country girl. But where is the woman today whose name can enliven the hearts of British maidens as that of "B.-P." does our boys—as far as we know, she is not lost.

In English and American girlhood, there is the most amazing material to work upon; there is sterling gold in the heart of every British and colonial, and American maiden, it only requires the skilled refiner to produce a universal-wealth of female character, which, welded with the achievement in the other sex, will abundantly indemnify the English-speaking nations against any possible contingency.

GEORGE BOWKER.

CENSUS OF MORTALITY, DISABILITY AND COMPENSATION

The date of the next census for Mortality, Disability and Compensation is 1st of June of next year,

which is the same as the date for population. It is a record for one year, and gives the information concerning all persons to whom the schedule relates for the year counting to the hours of midnight of 31st May, 1911.

Personal description of every person who has died in the year, or suffered disability by accident or sickness and has received compensation therefor is required in the schedule, and for more complete identification reference is made to his family or household in the first schedule.

The name and sex of each person, and whether single, married, widowed, divorced or legally separated, together with the month of birth, the year of birth, the age at last birthday and the country or place of birth are required under personal description. His or her racial or tribal origin, religion and profession, occupation or trade, will also be recorded under the general heading of personal description, whether the reference is to persons who have died within the year, or to persons who have been disabled within the year by accident or sickness, and to persons who have sustained loss of time and earnings and to allowance or compensation for loss of life or time.

Under the heading of Mortality records will be entered showing the month of death in the census year, the disease or cause of death as described by the Bertillon nomenclature, the place of death if it occurred away from home, and the name and address of the attending physician.

Disability and Compensation relate to accident and sickness, and under these head records will be entered of the nature of loss or injury caused by accident in the year, cause of the accident, weeks of disability due to sickness or accident, and loss of salary or other earnings caused by sickness or accident.

Allowance or compensation made to employees is recorded under three heads: 1. The voluntary allowance which may be made to employee by employer for loss of time through sickness or accident during the year. 2. Compensation in the year by employer under statute for (1) loss of life by accident and (2) for injury by accident, which is required in some provinces of the Dominion. 3. Compensation by insurance for (1) loss of life and (2) for sickness or injury.

DECISION WAS

(Continued from Page One)

headland to headland, and that no account should be taken of bays. The question then hinged on the treaty of 1818's interpretation of the word "bay," the decision going to Great Britain.

Of the decisions made in favor of the United States, one of the most important is that by the treaty of 1818 the Americans are entitled to take fish from the waters of Newfoundland in the same way as from those of Labrador. This question hinged almost entirely upon the technical interpretation of some legal terms.

The crews of American vessels need not consist solely of inhabitants of the States, as was laid down by the Newfoundland laws.

The last two questions were those of duties and tolls and of jurisdiction in waters where rights to fish have been renounced, which were mostly decided in favor of the United States.

As was expected, neither side won outright. Compromises were made to balance so that there should be no opening for general and serious international ill-feeling.

It has been suggested that the tribunal of five were not required so much to make a legal interpretation of the old treaties and apportion the exact right of the United States and Canada under those treaties, as to suggest a diplomatic arrangement which would cause the least possible amount of friction. This it might be safely said the tribunal has done.

WALKED 120,000 MILES

London, Sept. 7.—H. E. Morris, an Epsom postman, has retired after 42 years' service during which he walked 120,000 miles in the performance of his duties. At one time he collected letters in an outlying part of the parish where there were no pillar boxes, and announced his approach by blowing a horn.

BOARD'S NEW IDEA

Have Had Postcards Made for Use at Exhibitions

The Board of Trade is keen on running new ideas. Their latest is a postcard with views of Edmonton and suitable inscriptions for enclosing in mail or otherwise distributing. It was originally designed for exhibition purposes to be distributed instead of literature in order to economize the latter. So many of the rather expensive publications were evidently wasted that it was decided that a man really interested would take the trouble to affix a stamp and sign his name to a card which would bring him all the literature required! Acting on this a quantity of these were ordered for the Toronto and other exhibitions and the remainder will reach here in a few days. As they were designed expressly for enclosing in business envelopes the idea should find itself to a wide publicity campaign with the co-operation of the business interests of Edmonton.

The board announces that they have a number of bulletins containing Edmonton statistics available for the business people of the city for enclosing in correspondence.

Say you saw it in the Capital.

Dr. Martel's Female Pills

SEVENTEEN YEARS THE STANDARD Prescribed and recommended for women's ailments. A scientific and approved remedy. Give it. The result from their use is quick and permanent. For sale in all drug stores.

BLOOD DISEASES CURED

Drs. K. & K. Established 20 Years

NO NAMES USED WITHOUT WRITTEN CONSENT

He was surprised at how the scores headed. I took your New Meriton Treatment for a serious blood disease with which I had been afflicted for twelve years. I had consulted a score of physicians taken all kinds of blood medicine, visited Hot Springs and other natural water resorts, but only got a temporary relief. They would keep me for a time, but after discontinuing the medicine the symptoms would break out again—burning, sores, blotches, rheumatism, swollen joints, itching of the skin, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I was cured. I continued the New Meriton Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of my disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish. W. W. WILSON.

We treat NERVOUS DEBILITY, VARICOSE VEINS, VITAL WEAKNESS, BLOOD, SKIN AND SECRET DISEASES, URINARY, BLADDER AND KIDNEY complaints of Men and Women.

READER: Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Meriton Treatment will cure you. What is that done for others it will do for you. Consultation Free. No matter who has been cured, you write for an honest, opinion Free of Charge. Charges reasonable. Books Free (Illustrated) on diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of Home Treatment FREE.

\$500.00

IN GOLD

FOR A

NAME

!

Do you want it? We want the name—You want the money; Why not trade? This subdivision of ours is to be put on the market soon and we must have a name. Our reason for offering the money for this name is owing chiefly to the fact that a large number of people wished to know what we intend calling it, so the only course open to us was the above. Just sit down now and think about the ideal location—the magnificent scenery—the \$2,600 building restriction—the numerous modern conveniences and the value of \$500 to you in your pocket, then the result should be easy.

Mail your signed coupon addressed to the Contest Manager on or before Saturday, Sept. 17th. NOT LATER.

The Judges will be announced on Saturday

I suggest as a suitable name for your new and delightful sub-division. Signed Date

TENDERS FOR PLUMBING, STEAM HEATING, ELECTRIC WIRING AND INTERIOR DECORATION

Separate sealed tenders, addressed to John Stocks, Deputy Minister of Public Works, Edmonton, registered and endorsed, "Tenders for: (a) Plumbing (b) Steam Heating (c) Electric Wiring (d) For the Dormitory Building, Strathcona."

(e) Interior Hardware for certain public buildings will be received up to 12 o'clock noon, September 20th.

Plans and specification may be seen and forms of tender had on application at the Engineer's Office, Department of Public Works, Edmonton, or at the Branch of the Department of Public Works, Calgary.

All tenders must be accompanied by an accepted cheque made payable to the Receiver General, to the amount of five (5 P.C.) per cent. on the value of the work to be done.

Successful bidders will be required to enter into a contract and give bonds (of 10 P.C.) per cent. of their contract.

The cheques of the unsuccessful bidders will be retained until a contract and bond is executed.

The right is reserved to reject any or all bids or waive any defects.

JOHN STOCKS, Deputy Minister of Public Works. Dated at Edmonton this 27th day of August, 1910. A-31-06

Bookkeeping

A knowledge of accounts is so useful to the
young man today that no one should think of get-
ting along without it. We offer you superior
advantages on both day and night school. A course
of study thoroughly up to date teaches all the
details of office work. It gives the student a
familiarity with business law that will be worth
many times the cost of the entire course. Tuition
for six months \$60, and the term is just starting.

flax, 2.30.

The Daily Capital has a position
open for a good janitor.

Joseph Newlands, 36 years old, died
in this city yesterday. The remains
are being held here waiting for in-
structions from his home in Scotland.

Among the new books that Little's
have this week is "The Varnish,"
which has been running in the Sat-
urday Evening Post lately.

City Commissioner Betchart, who
has been in the east on a six weeks
leave of absence is expected to re-
turn on Thursday, when his leave ex-
pires.

MELBA AT HALIFAX

Halifax—Melba opened her Cana-
dian-American concert tour under the
direction of Frederick Shipman at
Halifax tonight to the largest audi-
ence ever drawn by any artist in this
city. The crowd started to gather in
front of the theatre at noon. Every
seat in the house was occupied, two
hundred being placed on the stage and
every bit of available standing room
sold at two and three dollars. The
wild enthusiasm prevailed, Melba
being recalled again and again.

The subscription list for Melba's
Edmonton concert closes at Harmony
Hall, the Geo. H. Suckling Piano
ware room, Saturday, Sept. 17.

The Pauline Millner has returned
from a trip to Chicago, New York
and Toronto, where she has been do-
ing her buying and she is in a position
to show the very latest styles in mil-
linery. 660 Jasper West.

BRITISH VISITORS COMING

Party of Old Country Business Men Arrive Tomorrow

Tomorrow morning the business
men's party from Bristol will arrive in
the city with Mr. Arthur Hawkes of
the C. N. R. at their head. They will
remain until the departure of the
evening train. The unfavorable weath-
er will prevent any sightseeing be-
yond the city limits but the committee
will make every effort to show Ed-
monton off to advantage. They will
be taken around the city in the morn-
ing and at noon a luncheon will be
held at the King Edward Hotel fol-
lowed by an informal reception in the
board rooms to enable business
men to meet the travellers. The Board
of Trade extends an invitation to all
interested to attend so as to second
their efforts to entertain and inform
the party. It is a significant feature
of their visit that they are not chance
visitors, but bound for Edmonton as
their only objective point and the
Board feels in every way bound to
extend to them the freest of hospi-
tality.

THREE YEARS FOR FORGERY

Eugene Christin, who Forged Sister
Superior's Name, Sentenced

A sentence of three years' impris-
onment in the Alberta penitentiary
was imposed on Eugene Christin, the
young French-Canadian, who was ar-
rested last week on a charge of for-
gery. Christin signed the name of the
sister superior of the General Hospi-
tal to several checks, one of which
he cashed at the Blue Store, on Jasper
avenue, and another at McNeill's to-
lacco store. Another check he suc-
ceeded in cashing with a private in-
dividual.

When Christin was arrested, Chief
Laney wired to Montreal, from which
place the accused claimed to have
come, for particulars of the man.
Chief Laney received word that Chris-
tin had served two sentences for theft.

DEPARTURES BY THE C. N. R.

Mr. K. Edmiston, Kingston, Ont.,
going to the Military College; Ed-
ward Fisher, Lindsay, Ont.; Herbert
Preston, Chatham, Ont.; Gabriel Wil-
son, Montreal, Que.; C. C. Campbell,
Toronto, Ont.; Mrs. Sarah Leonard,

Mr. L. E. Almas, Brantford, Ont.;
Col. Belcher and family, London,
Eng.; Miss Eva Goode, Toronto, Ont.;
Harvard Prentiss, Charles Prentiss,
Winnipeg.

RETURNED THE MONEY

So Theft Charge Against W. Krick-
loff Was Dropped

The charge of theft laid against
Wm. Krickloff, by Clara Rawles, has
been withdrawn by the plaintiff, as
Krickloff returned to her \$600 of the
\$723 he is alleged to have stolen.

Four drunks appeared before the
magistrate this morning and were as-
sessed the usual fine of \$4 and costs or
ten days.

Class A. Proctor, charged with as-
sault by George Richardson, was re-
manded until September 14th. In the
meantime Proctor is out on bail.

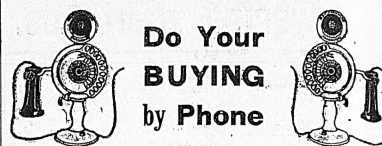

TOO LATE TO CLASSIFY.
